EXPERIENCE WITH HAULIO

How did you get to know Haulio?

I first got to know Haulio when the two founders, Alvin and Sebastian, visited my office back in 2017. It was interesting to hear about their new digital platform then, and it has been a great journey seeing them grow throughout the years.

How has Haulio helped you?

With Haulio, I am able to **maximize the efficiency of my fleet** by providing me with a reliable source of jobs. I can take on jobs to fill my drivers' rosters, resulting in less empty schedules and empty trips. I am also able to take on jobs during my lull periods. The digital platform also makes it very easy to take on jobs wherever I am.

I also like being able to network with like-minded industry partners through their events.

Will you continue using Haulio in the foreseeable future?

Yes, we will, especially during our lull periods. I look forward to supporting Haulio in the future.

Let's talk.

At Haulio, we place our partners at the heart of what we do.
