ABOUT WU LI TRANSPORTATION

Wu Li Transportation was established in 1988, providing transportation services such as container trucking and loose cargo clearance and delivery, growing to a fleet of 8 prime movers today.

Haulio is proud to have Wu Li Transportation as a strong transportation partner since Nov 2018, and recently, as their technology solutions provider with the Haulio Connectivity System (HCS).

Together, We Cargo Faster

Top 3 Things I Like about the Haulio Connectivity System (HCS)

Recording of all trip data

I can easily retrieve information from all my drivers' past trips for verification.

Just one device needed

My drivers can just use their mobile phones to receive jobs and communicate with PSA – it's more convenient.

Good support from Haulio

The Haulio team is very supportive – be it during onboarding or whenever there we have questions or issues.

With the trip forms feature, I can easily keep track of my drivers' past trips.

EXPERIENCE WITH HAULIO

What do you do at Wu Li Transportation, and how did you get to know Haulio?

I am a Controller at Wu Li Transportation, overseeing the day-to-day activities of my drivers, and have been with the company for over 3 years. I manage a fleet of about 8 drivers and trucks.

We used to only take jobs from Haulio's job pool, but recently converted to the Haulio Connectivity System (HCS) to manage my drivers' trips.

How has Haulio helped you?

Before using HCS, we used another solution which had to be installed on the iPad. Since using Haulio, my drivers don't need multiple devices to do their jobs, and can just use their mobile phones to receive jobs and communicate with PSA within the port.

I like the **trip forms** feature the most, as it can record all my drivers' trip history and I can easily check back on the platform when I need to.

The support from the Haulio team is also great – from the onboarding to day-to-day operations, it is reassuring to know that they are just a phone call away. Usually, there isn't any problem with the HCS system. But when there is, the Haulio team is very proactive in helping to resolve it.

Will you continue using Haulio in the foreseeable future?

Yes, we will. We have been using HCS since December 2020 and have a good experience so far. We look forward to growing together with Haulio.
